| tive e         | onal precautions, protec-<br>quipment and emer-<br>/ procedures | :  |   | ing advice (see section 7) and personal pro-<br>recommendations (see section 8).   |
| Enviro         | onmental precautions  | :  | Prevent spreading<br>oil barriers).<br>Retain and dispos  | akage or spillage if safe to do so.<br>g over a wide area (e.g., by containment or<br>se of contaminated wash water.<br>should be advised if significant spillages   |
|                | ods and materials for<br>inment and cleaning up                 | :  | For large spills, pr<br>ment to keep mat<br>pumped, store red<br>Clean up remainin<br>bent.<br>Local or national n<br>sal of this materia<br>ployed in the clea<br>which regulations<br>Sections 13 and 1 | a absorbent material.<br>Tovide diking or other appropriate contain-<br>erial from spreading. If diked material can be<br>covered material in appropriate container.<br>In a materials from spill with suitable absor-<br>regulations may apply to releases and dispo-<br>I, as well as those materials and items em-<br>nup of releases. You will need to determine<br>are applicable.<br>5 of this SDS provide information regarding<br>tional requirements. |

### SECTION 7. HANDLING AND STORAGE

| Technical measures          | : | See Engineering measures under EXPOSURE<br>CONTROLS/PERSONAL PROTECTION section.   |
|-----------------------------|---|--|
| Local/Total ventilation     | : | Use only with adequate ventilation.  |
| Advice on safe handling     | : | Handle in accordance with good industrial hygiene and safety<br>practice, based on the results of the workplace exposure as-<br>sessment<br>Take care to prevent spills, waste and minimize release to the<br>environment. |
| Conditions for safe storage | : | Keep in properly labeled containers.<br>Store in accordance with the particular national regulations.  |
| Materials to avoid          | : | Do not store with the following product types:<br>Strong oxidizing agents  |

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

#### Ingredients with workplace control parameters

Contains no substances with occupational exposure limit values.

### SAFETY DATA SHEET

## PAG 46, R-134a lubricant, 240 mL

| Revision Date<br>Date format   | : | 09/21/2021<br>mm/dd/yyyy   |

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
