SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

SAFETY DATA SHEET

MULTI, Multiuse maintenance oil, 272 g (Cobra)

Version	Revision Date:	SDS Number:	Date of last issue: 07/26/2023
2.12	09/24/2023	4660725-00017	Date of first issue: 07/12/2019

Components

Chemical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
Hydrocarbons, C9- C10, n-alkanes, isoal- kanes, cyclics ,<2% aromatics	Naphtha, hy- drotreated heavy	64742-48-9	>= 30 - < 60 *
Propane	Dimethylme- thane	74-98-6	>= 30 - < 60 *
Distillates (petroleum), hydrotreated heavy paraffinic	Mineral oil, pe- troleum distil- lates, hy- drotreated heavy paraffinic	64742-54-7	>= 10 - < 30 *
Hydrocarbons, C11- C14, n-alkanes, isoal- kanes, cyclics ,<2% aromatics	Distillates (pe- troleum), hy- drotreated light	64742-47-8	>= 5 - < 10 *
Butane	Butyl hydride	106-97-8	>= 1 - < 5 *

* Actual concentration or concentration range is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. If not breathing, give artificial respiration. If breathing is difficult, give oxygen. Get medical attention immediately.
In case of skin contact	:	In case of contact, immediately flush skin with plenty of water. Remove contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and delayed	:	Gas reduces oxygen available for breathing. Prolonged or repeated contact may dry skin and cause irrita- tion. May cause drowsiness or dizziness.

Versio 2.12	on	Revision Date: 09/24/2023		0S Number: 60725-00017	Date of last issue: 07/26/2023 Date of first issue: 07/12/2019		
F	Protection of first-aiders		:	First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).			
٢	Notes to	o physician	:	Treat symptomati	Treat symptomatically and supportively.		
SECT	FION 5	. FIRE-FIGHTING ME	ASL	JRES			
S	Suitable extinguishing media		:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical			
	Unsuitable extinguishing media		:	High volume water jet

		protective equipment fighters	:	In the event of fire Use personal prot	e, wear self-contained breathing apparatus. ective equipment.		

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- : tive equipment and emer- gency procedures	Evacuate personnel to safe areas. Remove all sources of ignition. Ventilate the area. Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions :	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.

Version 2.12	Revision Date: 09/24/2023	SDS Number: 4660725-00017	Date of last issue: 07/26/2023 Date of first issue: 07/12/2019				
	ods and materials for ainment and cleaning up	Soak up wit Suppress (k jet. For large sp ment to kee pumped, sto Clean up re bent. Local or nat sal of this m ployed in the which regula Sections 13	For large spills, provide diking or other appropriate contain- ment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absor-

Tech	nical measures		ering measures under EXPOSURE S/PERSONAL PROTECTION section.				
Loca	I/Total ventilation	ventilation. If advised by	ventilation is unavailable, use with local exhaust y assessment of the local exposure potential, use rea equipped with explosion-proof exhaust ventila-				
Δdvid	Advice on safe handling		· Do not get on skip or clothing				

Advice on safe handling :	Do not get on skin or clothing. Avoid breathing spray. Do not swallow. Avoid contact with eyes. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as- sessment Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Take precautionary measures against static discharges. Take care to prevent spills, waste and minimize release to the environment. Do not spray on an open flame or other ignition source.
Conditions for safe storage :	Store locked up. Keep in a cool, well-ventilated place. Store in accordance with the particular national regulations. Do not pierce or burn, even after use. Keep cool. Protect from sunlight.
Materials to avoid :	Do not store with the following product types: Self-reactive substances and mixtures Organic peroxides Oxidizing agents

Versio 2.12	n Revision Date: 09/24/2023		DS Number: 60725-00017	Date of last issue: 07/26/2023 Date of first issue: 07/12/2019

Aspiration toxicity

Not classified based on available information.

Components:

Hydrocarbons, C9-C10, n-alkanes, isoalkanes, cyclics ,<2% aromatics:

The substance or mixture is known to cause human aspiration toxicity hazards or has to be regarded as if it causes a human aspiration toxicity hazard.

Hydrocarbons, C11-C14, n-alkanes, isoalkanes, cyclics ,<2% aromatics:

The substance or mixture is known to cause human aspiration toxicity hazards or has to be regarded as if it causes a human aspiration toxicity hazard.
