SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

Components

| Chemical name | Common Name/Synonym | CAS-No. | Concentration (% w/w) |
|------------------|-------------------------------------|------------|-----------------------|
| Dimethyl ether | Methane, 1,1'- oxybis- | 115-10-6 | >= 30 - < 60 * |
| n-Butyl acetate | Acetic acid, butyl ester | 123-86-4 | >= 10 - < 30 * |
| Xylene | Benzene, dime- thyl- | 1330-20-7 | >= 5 - < 10 * |
| Titanium dioxide | Titanic anhy- dride | 13463-67-7 | >= 5 - < 10 * |
| Barium sulfate | Sulfuric acid, barium salt (1:1) | 7727-43-7 | >= 5 - < 10 * |
| Butan-1-ol | n-Butyl alcohol | 71-36-3 | >= 5 - < 10 * |
| Limestone | Calcium car- bonate | 1317-65-3 | >= 1 - < 5 * |
| Carbon black | Lampblack | 1333-86-4 | >= 1 - < 5 * |

* Actual concentration or concentration range is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

| General advice If inhaled | | In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice. If inhaled, remove to fresh air. Get medical attention if symptoms occur. |
|---|---|--|
| In case of skin contact | : | In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse. |
| In case of eye contact | : | In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lens, if worn. Get medical attention immediately. |
| If swallowed | : | If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water. |
| Most important symptoms and effects, both acute and delayed | : | Causes skin irritation. Causes serious eye damage. May cause drowsiness or dizziness. |

| | | protective equipment fighters | : | In the event of fire Use personal prot | , wear self-contained breathing apparatus. ective equipment. | | |

SECTION 6. ACCIDENTAL RELEASE MEASURES

| Personal precautions, protec- tive equipment and emer- gency procedures | : | Remove all sources of ignition. Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8). |
|---|---|--|
| Environmental precautions | : | Avoid release to the environment. Prevent further leakage or spillage if safe to do so. |

You will need to determine his are applicable. I 15 of this SDS provide information regarding national requirements. |

SECTION 7. HANDLING AND STORAGE

| Technical measures | : | See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section. |
|-----------------------------|---|--|
| Local/Total ventilation | : | If sufficient ventilation is unavailable, use with local exhaust ventilation. If advised by assessment of the local exposure potential, use only in an area equipped with explosion-proof exhaust ventila- tion. |
| Advice on safe handling | : | Do not get on skin or clothing. Do not breathe spray. Do not swallow. Do not get in eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as- sessment Keep container tightly closed. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Take precautionary measures against static discharges. Take care to prevent spills, waste and minimize release to the environment. Do not spray on an open flame or other ignition source. |
| Conditions for safe storage | : | Store locked up. Keep tightly closed. Keep in a cool, well-ventilated place. |

| | Decomposition temperature | : No data available | |
| | Viscosity Viscosity, kinematic | : Not applicable | |
| | Flow time | : 20 s (20 °C) Cross section: 4 m Method: DIN 5321 | |
| | Explosive properties | : Not explosive | |
| | Oxidizing properties | : The substance or | mixture is not classified as oxidizing. |
| | Particle characteristics Particle size | : Not applicable | |

SECTION 10. STABILITY AND REACTIVITY

| Reactivity | : | Not classified as a reactivity hazard. | |
|---|---|---|--|
| Chemical stability | : | Stable under normal conditions. | |
| Possibility of hazardous reac- tions | : | Extremely flammable aerosol. Vapors may form explosive mixture with air. If the temperature rises there is danger of the vessels bursting due to the high vapor pressure. Can react with strong oxidizing agents. | |
| Conditions to avoid | : | Heat, flames and sparks. | |
| Incompatible materials | : | Oxidizing agents | |
| Hazardous decomposition products | : | No hazardous decomposition products are known. | |

SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure

Inhalation Skin contact Ingestion Eye contact

Acute toxicity

Not classified based on available information.

Product:

Acute oral toxicity

Aspiration toxicity

Not classified based on available information.

according to the Hazardous Products Regulations

RUST STOP PRIMER, White-Grey, 334 g

| Version | Revision Date: | SDS Number: | Date of last issue: 03/15/2024 |
|---------|----------------|---------------|---------------------------------|
| 3.1 | 10/01/2024 | 8475308-00009 | Date of first issue: 05/03/2021 |

Components:

Xylene:

The substance or mixture is known to cause human aspiration toxicity hazards or has to be regarded as if it causes a human aspiration toxicity hazard.

Butan-1-ol:

The substance or mixture causes concern owing to the assumption that it causes a human aspiration toxicity hazard.

SECTION 12. ECOLOGICAL INFORMATION

| SECTION | 13. DISPOSAL CON | SIDERATIONS | |
| Dispo | osal methods | | |

| Waste from residues | : | Do not dispose of waste into sewer. |
|------------------------|---|--|
| | | Dispose of in accordance with local regulations. |
| Contaminated packaging | : | Empty containers should be taken to an approved waste handling site for recycling or disposal. Empty containers retain residue and can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or ex- pose such containers to heat, flame, sparks, or other sources of ignition. They may explode and cause injury and/or death. If not otherwise specified: Dispose of as unused product. Please ensure aerosol cans are sprayed completely empty (including propellant) |

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
