#### Other hazards

Vapors may form explosive mixture with air.

#### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

## **RETAINING COMPOUND, 23 mL**

Version	Revision Date:	SDS Number:	Date of last issue: 07/26/2023
10.2	10/31/2023	10789390-00014	Date of first issue: 01/26/2012

Substance / Mixture : Mixture

#### Components

	Common Name/Synonym	CAS-No.	Concentration (% w/w)
	Hydroxypropyl methacrylate	27813-02-1	>= 30 - < 60 *
Acrylic acid	2-Propenoic acid	79-10-7	>= 1 - < 5 *
Cumene hydroperoxide	α, α- Dimethylbenzyl hydroperoxide	80-15-9	>= 0.1 - < 1 *
2'- Phenylacetohydrazide	1-Acetyl-2- phenylhydrazine	114-83-0	>= 0.1 - < 1 *

Actual concentration or concentration range is withheld as a trade secret

#### SECTION 4. FIRST AID MEASURES

General advice	:	In the case of accident or if you feel unwell, seek medical ad- vice immediately. When symptoms persist or in all cases of doubt seek medical advice.
If inhaled	:	If inhaled, remove to fresh air. Get medical attention if symptoms occur.
In case of skin contact	:	In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes. Get medical attention. Wash clothing before reuse. Thoroughly clean shoes before reuse.
In case of eye contact	:	In case of contact, immediately flush eyes with plenty of water for at least 15 minutes. If easy to do, remove contact lens, if worn. Get medical attention immediately.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and delayed	:	Causes skin irritation. May cause an allergic skin reaction. Causes serious eye damage. May cause respiratory irritation.
Protection of first-aiders	:	First Aid responders should pay attention to self-protection, and use the recommended personal protective equipment when the potential for exposure exists (see section 8).

according to the Hazardous Products Regulations

/ersion I0.2	Revision Date: 10/31/2023		DS Number: 789390-00014	Date of last issue: 07/26/2023 Date of first issue: 01/26/2012
Notes	to physician	:	Treat symptomati	cally and supportively.
SECTION	5. FIRE-FIGHTING ME	ASL	JRES	
Suital	ble extinguishing media	:	Water spray Alcohol-resistant Carbon dioxide (0 Dry chemical	
Unsui media	itable extinguishing a	:	High volume wate	er jet
Speci fightir	fic hazards during fire Ig	:	fire. Flash back possil Vapors may form	d water stream as it may scatter and spread ble over considerable distance. explosive mixtures with air. bustion products may be a hazard to health.
Haza ucts	rdous combustion prod-	:	Carbon oxides	
Speci ods	fic extinguishing meth-	:	cumstances and Use water spray f	measures that are appropriate to local cir- he surrounding environment. o cool unopened containers. ged containers from fire area if it is safe to do
	al protective equipment e-fighters	:		e, wear self-contained breathing apparatus. tective equipment.

Personal precautions, protec- : tive equipment and emer- gency procedures	Remove all sources of ignition. Use personal protective equipment. Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions :	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Prevent spreading over a wide area (e.g., by containment or oil barriers). Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for : containment and cleaning up	Non-sparking tools should be used. Soak up with inert absorbent material. Suppress (knock down) gases/vapors/mists with a water spray jet. For large spills, provide diking or other appropriate contain- ment to keep material from spreading. If diked material can be

according to the Hazardous Products Regulations

### **RETAINING COMPOUND, 23 mL**

Version 10.2	Revision Date: 10/31/2023		DS Number: 1789390-00014	Date of last issue: 07/26/2023 Date of first issue: 01/26/2012		
			pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absor- bent. Local or national regulations may apply to releases and disp sal of this material, as well as those materials and items em- ployed in the cleanup of releases. You will need to determin which regulations are applicable. Sections 13 and 15 of this SDS provide information regardin certain local or national requirements.			
SECTION	7. HANDLING AND	STOR	AGE			
Tech	nical measures	:	•	g measures under EXPOSURE RSONAL PROTECTION section.		
Loca	I/Total ventilation	:	If sufficient vent vent ventilation.	ilation is unavailable, use with local exhaust		
Advid	e on safe handling		Do not get on sl	kin or clothing		

Do not get on skin or clothing. Advice on safe handling Avoid breathing mist or vapors. Do not swallow. Do not get in eyes. Wash skin thoroughly after handling. Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure assessment Keep container tightly closed. Already sensitized individuals, and those susceptible to asthma, allergies, chronic or recurrent respiratory disease, should consult their physician regarding working with respiratory irritants or sensitizers. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Take precautionary measures against static discharges. Take care to prevent spills, waste and minimize release to the environment. Conditions for safe storage Keep in properly labeled containers. 5 Store locked up. Keep tightly closed. Keep in a cool, well-ventilated place. Store in accordance with the particular national regulations. Keep away from heat and sources of ignition. Materials to avoid Do not store with the following product types: Strong oxidizing agents Explosives Gases

#### SECTION 13. DISPOSAL CONSIDERATIONS

<b>Disposal methods</b> Waste from residues	:	Do not dispose of waste into sewer. Dispose of in accordance with local regulations.
Contaminated packaging	:	Empty containers should be taken to an approved waste handling site for recycling or disposal. Empty containers retain residue and can be dangerous. Do not pressurize, cut, weld, braze, solder, drill, grind, or ex- pose such containers to heat, flame, sparks, or other sources of ignition. They may explode and cause injury and/or death. If not otherwise specified: Dispose of as unused product.

according to the Hazardous Products Regulations

	:

#### IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

#### **Domestic regulation**

#### TDG

Not regulated as a dangerous good

#### Special precautions for user

The transport classification(s) provided herein are for informational purposes only, and solely based upon the properties of the unpackaged material as it is described within this Safety Data Sheet. Transportation classifications may vary by mode of transportation, package sizes, and variations in regional or country regulations.

#### **SECTION 15. REGULATORY INFORMATION**

Volatile organic compounds (VOC) content	CANADIAN ENVIRONMENTAL PROTECTION ACT, 1999 - Guidelines for VOC in Consumer Products VOC content: 3.71 %
The ingredients of this product	are reported in the following inventories:
DSL :	All chemical substances in this product comply with the CEPA 1999 and NSNR and are on or exempt from listing on the Canadian Domestic Substances List (DSL).
