#### **SECTION 2. HAZARDS IDENTIFICATION**

**GHS classification in accordance with the Hazardous Products Regulations** Not a hazardous substance or mixture.

#### **GHS** label elements

No hazard pictogram, no signal word, no hazard statement(s), no precautionary statement(s) required.

#### Other hazards

None known.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Mixture

according to the Hazardous Products Regulations

## AL 870, Aluminum anti-seize, 284 g

Version	Revision Date:	SDS Number:	Date of last issue: -
1.0	01/24/2025	11505544-00001	Date of first issue: 01/24/2025

#### Components

Chemical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
Distillates (petroleum), solvent refined heavy naphthenic	Mineral oil, pe- troleum distil- lates, solvent- refined heavy naphthenic	64741-96-4	>= 30 - < 60 *
Limestone	Calcium car- bonate	1317-65-3	>= 10 - < 30 *
Talc	Talc (Mg3H2(SiO3)4)	14807-96-6	>= 10 - < 30 *
Graphite	Graphitic carbon	7782-42-5	>= 1 - < 5 *
Silicon, amorphous	Silicon dioxide	112945-52-5	>= 1 - < 5 *
Aluminium	No data availa- ble	7429-90-5	>= 1 - < 5 *

\* Actual concentration or concentration range is withheld as a trade secret

### **SECTION 4. FIRST AID MEASURES**

If inhaled	:	If inhaled, remove to fresh air. Get medical attention if symptoms occur.
In case of skin contact	:	Wash with water and soap as a precaution. Get medical attention if symptoms occur.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and delayed	:	None known.
Protection of first-aiders	:	No special precautions are necessary for first aid responders.
Notes to physician	:	Treat symptomatically and supportively.

#### SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	None known.

according to the Hazardous Products Regulations

# AL 870, Aluminum anti-seize, 284 g

Versi 1.0	ion	Revision Date: 01/24/2025		9S Number: 505544-00001	Date of last issue: - Date of first issue: 01/24/2025	
	Specific fighting	c hazards during fire	:	Exposure to comb	pustion products may be a hazard to health.	
	Hazardous combustion prod- ucts		:	Carbon oxides Metal oxides		
	Specific extinguishing meth- ods		:	Use extinguishing measures that are appropriate to local cir- cumstances and the surrounding environment. Use water spray to cool unopened containers. Remove undamaged containers from fire area if it is safe to do so. Evacuate area.		
	•	protective equipment fighters	:	Wear self-contain necessary. Use personal prot	ed breathing apparatus for firefighting if ective equipment.	

### SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	:	Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions	:	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	:	Soak up with inert absorbent material. For large spills, provide diking or other appropriate contain- ment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absor- bent. Local or national regulations may apply to releases and dispo- sal of this material, as well as those materials and items em- ployed in the cleanup of releases. You will need to determine which regulations are applicable. Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.

#### SECTION 7. HANDLING AND STORAGE

Technical measures	:	See Engineering measures under EXPOSURE
		CONTROLS/PERSONAL PROTECTION section.

according to the Hazardous Products Regulations

# AL 870, Aluminum anti-seize, 284 g

Version 1.0	Revision Date: 01/24/2025		DS Number: 505544-00001	Date of last issue: - Date of first issue: 01/24/2025	
Local/	Total ventilation	:	Use only with ade	equate ventilation.	
Advice on safe handling		:	Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as- sessment Take care to prevent spills, waste and minimize release to the environment.		
Condi	tions for safe storage	:		abeled containers. ce with the particular national regulations.	
Mater	ials to avoid	:	Do not store with Strong oxidizing a	the following product types: agents	
Stora	ge period	:	36 Months		

### SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
