SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accordance with the Hazardous Products Regulations Not a hazardous substance or mixture.

: Not applicable

GHS label elements

Restrictions on use

Not a hazardous substance or mixture.

Other hazards

None known.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

MOLY 50S, Anti-seize grease, 284 g

sion	Revision Date: 04/06/2022	SDS Numl 10652560-		Date of last issue: 10/26/2021 Date of first issue: 07/02/2012
Substance / Mixture		: Mixture	e	
Com	ponents			
Cherr	nical name	Common Name/Synonym	CAS-No.	Concentration (% w/w)
hydro	ates (petroleum), treated heavy thenic	No data availa- ble	64742-52-	>= 30 - < 60 *
	ates (petroleum), nt refined heavy finic	Mineral oil, pe- troleum distil- lates, solvent- refined heavy paraffinic	64741-88-4	>= 30 - < 60 *
Grapl	hite	Graphitic carbon	7782-42-5	>= 10 - < 30 *
Molyt	odenum sulfide	Molybdenum bisulfide	1317-33-5	>= 10 - < 30 *

Actual concentration or concentration range is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

If inhaled	:	If inhaled, remove to fresh air. Get medical attention if symptoms occur.
In case of skin contact	:	Wash with water and soap as a precaution. Get medical attention if symptoms occur.
In case of eye contact	:	Flush eyes with water as a precaution. Get medical attention if irritation develops and persists.
If swallowed	:	If swallowed, DO NOT induce vomiting. Get medical attention if symptoms occur. Rinse mouth thoroughly with water.
Most important symptoms and effects, both acute and delayed	:	None known.
Protection of first-aiders	:	No special precautions are necessary for first aid responders.
Notes to physician	:	Treat symptomatically and supportively.

SECTION 5. FIRE-FIGHTING MEASURES

Suitable extinguishing media	:	Water spray Alcohol-resistant foam Carbon dioxide (CO2) Dry chemical
Unsuitable extinguishing media	:	High volume water jet
Specific hazards during fire	:	Exposure to combustion products may be a hazard to health.

Vers 4.5	sion	Revision Date: 04/06/2022	-	0S Number: 652560-00005	Date of last issue: 10/26/2021 Date of first issue: 07/02/2012
	fighting				
	Hazard ucts	ous combustion prod-	:	Carbon oxides	
	Specific extinguishing meth- ods		:	cumstances and t Use water spray t	measures that are appropriate to local cir- he surrounding environment. o cool unopened containers. ged containers from fire area if it is safe to do
	•	l protective equipment fighters	:	necessary.	ed breathing apparatus for firefighting if tective equipment.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protec- tive equipment and emer- gency procedures	Follow safe handling advice (see section 7) and personal pro- tective equipment recommendations (see section 8).
Environmental precautions	Avoid release to the environment. Prevent further leakage or spillage if safe to do so. Retain and dispose of contaminated wash water. Local authorities should be advised if significant spillages cannot be contained.
Methods and materials for containment and cleaning up	Soak up with inert absorbent material. For large spills, provide diking or other appropriate contain- ment to keep material from spreading. If diked material can be pumped, store recovered material in appropriate container. Clean up remaining materials from spill with suitable absor- bent. Local or national regulations may apply to releases and dispo- sal of this material, as well as those materials and items em- ployed in the cleanup of releases. You will need to determine which regulations are applicable. Sections 13 and 15 of this SDS provide information regarding certain local or national requirements.

SECTION 7. HANDLING AND STORAGE

Technical measures	:	See Engineering measures under EXPOSURE CONTROLS/PERSONAL PROTECTION section.
Local/Total ventilation	:	Use only with adequate ventilation.
Advice on safe handling	:	Handle in accordance with good industrial hygiene and safety practice, based on the results of the workplace exposure as- sessment Take care to prevent spills, waste and minimize release to the environment.

Versio 4.5	n Revision Date: 04/06/2022		DS Number: 652560-00005	Date of last issue: 10/26/2021 Date of first issue: 07/02/2012	
C	onditions for safe storage	:		labeled containers. Ince with the particular national regulations.	
М	Materials to avoid		Do not store with the following product types: Strong oxidizing agents		
	ecommended storage tem- erature	:	4 - 29 °C		
St	torage period	:	120 Months		

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Ingredients with workplace control parameters

The information provided in this Safety Data Sheet is correct to the best of our knowledge, information and belief at the date of its publication. The information is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and shall not be considered a warranty or quality specification of any type. The information provided relates only to the specific material identified at the top of this SDS and may not be valid when the SDS material is used in combination with any other materials or in any process, unless specified in the text. Material users should review the information and recommendations in the specific context of their intended manner of handling, use, processing and storage, including an assessment of the appropriateness of the SDS material in the user's end product, if applicable.
